

THE LOUISIANA POLITICAL COMPLICATIONS.

BOUTWELL A CANDIDATE FOR THE MASSACHUSETTS SENATORSHIP.

NUMBER OF APPOINTMENTS BY THE PRESIDENT SINCE THE ADJOURNMENT OF CONGRESS.

HE IS STILL AT WORK ON THE MESSAGE.

PROPOSED REMODELING OF THE SUPREME COURT.

THE SAN DOMINGO QUESTION

ETC., ETC., ETC.

LOUISIANA POLITICS.

WASHINGTON, Nov. 23.—Senator West of Louisiana arrived in town to-day. He represents the present political complication in that state more intricate and confused than any which have preceded it, and is likely, in consequence of Warmoth's extra session of the legislature, to end in the giving of the electoral vote to Greeley and the election of Warmoth to the senate. Warmoth is now acting openly with the Democrats. Kellogg is hesitating whether to contest the election of Emory as governor, since, in order to do it, he must first under the state laws resign his seat in the United States senate.

WILSON'S SUCCESSOR IN THE SENATE.

WASHINGTON, Nov. 23.—Secretary Boutwell in conversation with a visitor from Massachusetts, who has been active in the labor movement there, said in effect that he was a candidate for Mr. Wilson's seat in the senate, and it was in the hands of his friends.

GRANT'S APPOINTMENTS.

WASHINGTON, Nov. 23.—Since the adjournment of congress the president has made one hundred and eighty-seven appointments, as follows: For the interior department 58, most of them Indian agents and public land officers; department of justice 15; U. S. marshals and district attorneys of navy department 5; postmasters 44; state department 21, of which 11 are consuls and most of them centennial commissioners. The last named appointments are not confirmed by the senate. For the treasury department 4, of which 10 are supervisors of internal revenue under the new law and most of the other appointments are for internal revenue and custom service.

RECRUITS FOR THE SIXTH CAVALRY.

Two hundred and fifty recruits have been ordered to Louisville for the sixth cavalry.

THE SAN DOMINGO SCHEME.

The principal promoters of the San Domingo scheme, some of the names of whom have not yet been given to the public, are here. They say they do not expect the president to recommend any measure to congress relative to the annexation of San Domingo, nor do they desire any action hereon at the coming session, but they believe that the public sentiment has been indirectly as to the policy of annexing San Domingo, and that a right judgment will be formed by the people when they come to know all the facts, as they will during the coming year. The advocates fanatically expect that such a revolution will have taken place by the expiration of the time last named, that the acquisition of San Domingo will be almost unanimously demanded in this country.

WASHINGTON, Nov. 23.—The president being busy completing his message, declined to see visitors to-day.

THE SUPREME COURT.

A bill will be presented to congress this winter, which proposes a radical change in the present working of the supreme court. The bill contemplates an intermediate court, which shall possess the ordinary powers of the present supreme court, and before which all cases shall be argued. The supreme court proper shall be made stationary and the justices relieved of all circuit duty, which shall be performed by judges of the intermediate court. The supreme court to give entire attention of passing upon or deciding questions of law which come before from the immediate court. The bill will also provide that the intermediate court shall not construe any law, but decide any law which comes before it in accordance with the construction placed upon the laws by the supreme court. The measure is deemed necessary because of accumulation of cases on the docket of the supreme court.

OFFICIAL NOTE OF TENNESSEE.

NASHVILLE, Nov. 23.—The official vote of the state has been received. Greeley 4,219, Grant 85,633; Greeley's majority 586. Brown for governor, 97,700; Freeman 83,880; majority for Brown 13,811. Laynard for congress, 80,825; Cheatham 5,677; Johnson 37,900; Maynard's majority over Cheatham 15,247, over Johnson 42,925.

ETC., ETC., ETC.

SUPPRESSION OF THE SLAVE TRADE.

Berlin, Nov. 23.—The German government in replying to the invitation of Great Britain to assist in the suppression of the slave trade on the eastern coast of Africa, says that it will give all the moral

and, an intimate friend of President Thiers, was chosen chairman. President Thiers appeared before the assembly committee and spoke for about an hour and a half. He urged them to terminate the present state of indecision, and reiterated his opinion that the republic was indispensable, and declared that he was willing to accept the principle of ministerial responsibility and a parliamentary system which would not completely exclude him from debate.

The left centre has drawn up a bill prolonging Thiers' present term four years, and providing for a vice president who shall succeed the president, in case of his resignation or death. The president and vice president are to be reeligible to office only for the second term. One third of the assembly is to be renewed annually. The president is to be entitled to suspend the promulgation of all bills passed by any assembly until after the annual election; then, if the assembly insists on the law it must be promulgated. It is understood that this project of law meets the approval of president Thiers.

It is known that President Thiers endorses the plan lately proposed by the committee of the left center for the formation of a second chamber of national legislation. He also favors some definite settlement of the relations between the legislative and executive departments of the government as questions of general policy in the internal affairs of the republic. Thiers adheres to the conservative ground taken in his recent message. There was no discussion of national questions in the assembly yesterday. Nothing is known of the discussion or of the committee to draft a reply to the President's message.

SPAIN AND THE UNITED STATES.

MADRID, Nov. 23.—Rear Admiral Alden, of the U. S. N., was present yesterday at the review of the garrison of Madrid. Subsequently the admiral and a number of officers of the American squadron, accompanied by the United States minister, General Sickles, paid a visit to the engineer and artillery barracks and lunched with the officers. Among the toasts given, was prosperity to the great American republic, in reply to which the past was invoked to show that Spain, during the time of Charles III, gave its aid and assistance in the conquest of American independence, the admiral responded with a toast to the King of the Spaniards, and in his remarks expressed a desire for closer and more intimate relations between the two countries.

THE FENIAN TROUBLES.

LONDON, Nov. 23.—O'Leary, one of the leaders of the recent Hyde park demonstration in favor of the release of Fenian prisoners, made application to-day to the justice for a withdrawal of the summons to appear for examination, as the charge against him had been abandoned and the summons for six other persons to present themselves for trial had been withdrawn. O'Leary stated he contemplated emigrating to America, where his prospects would be injured should the summons remain in existence. The justice assured him he would not be reproached in America for acts committed here, but was more likely to be regarded as a martyr, and be given public dinners, and then refused to grant the application.

SEVERE GALE.

Gales continue in the English channel, and have been very destructive in the vicinity of Devonport.

MISCELLANEOUS.

RECEPTION TO HENRY M. STANLEY.

THE CAUSE OF GOULD'S ARREST.

BOSS TWEED'S FIRST APPEARANCE.

BURNING OF A HOTEL.

THE EMIGRANT SWINDLE.

DEATH OF ONE OF THE VICTIMS FROM DESTITUTION.

A BRUTAL FIGHT BETWEEN TWO NOTED BRUISERS.

ETC., ETC., ETC.

STANLEY.

New York, Nov. 23.—A reception was given to Henry M. Stanley at the Lotus club to-night. Speeches were made by Messrs. Reid, Stanley, Mayor Hall and Dr. Bellows.

GOULD'S ARREST.

The arrest of Jay Gould to-day, at the suit of the Erie railroad company, is the indirect result of a corner in Erie, gotten up a short time ago, by which Smith and Gould, who were then working in unison, were heavily squeezed. Both of these gentlemen vowed to be revenged upon the Drew clique, and proceeded to lay their wires, but a sudden disagreement ended their plans and opened a little quarrel between them, and war to the knife was declared. In his anger Smith said to make a remark to one of his friends: "I'll make that little monkey, (meaning Gould), grind an orange yet for his living," and further said he would ruin him in a week. In the meantime, Gould, by skillful manipulations managed to get both Smith and Drew short on Northwestern, then ran up the stock, as was done to-day, to 200.

IT IS SAID THAT SMITH, FINDING HIMSELF SHORT, ASKED GOULD TO LET HIM HAVE FIFTY THOUSAND SHARES OF THAT STOCK, THREATENING TO BRING THE PRESENT SUIT AGAINST HIM IN CASE OF HIS REFUSAL. GOULD, HOWEVER, WOULD NOT ACCEDE TO HIS DEMAND, AND HENCE THE SUIT AND PRESENT ARREST. AS GOULD LEFT HIS OFFICE THIS AFTERNOON TO GIVE BALL AT THE SHERIFF'S OFFICE, HE GAVE ORDERS TO HIS BROKERS NOT TO SELL A SHARE OF STOCK AT ANY PRICE. TRAVERS & DUNCAN, WHO BECAME SURETIES ON THE ORDER OF ARREST, ARE SAID TO BE SHORT ON NORTHWESTERN TO A CONSIDERABLE EXTENT.

GOULD'S ACQUISERS.

The arrest of Jay Gould for the misappropriation of \$9,000,000 was the greatest theme of interest in New York yesterday. The affidavits on which the arrest was made are very long documents, and were

TWEED.

Wm. Tweed made his first appearance in the comptroller's office yesterday, since Comptroller Connelly resigned. He called to examine the vouchers to be used against him in the pending suit. The presence of the Boss caused quite a sensation until the object of his visit became known.

HOTEL BURNED.

New York, Nov. 23.—The New Brighton house, on Staten Island, was fired by an incendiary last night and burned down. Loss \$40,000; insurance \$11,000.

FOUND AT SEA.

The steamer Gen. Sedgwick, from New Orleans, reports passing a lot of wrecked stuff with two dead bodies attached in latitude 36 and longitude 73.

HELD FOR TRIAL.

New York, Nov. 23.—Henry S. Bogart has been held for trial on charges of falsely representing himself to be a reporter, and looting black mail. He is said to have secured \$150 from a bank president, under threat of publishing scandalous statements.

THE ITALIAN EMIGRANT SWINDLE.

The Italian emigrants, who came to this port under the impression that they were on their way to Buenos Ayres, are to be sent to Ward's Island. Many of them learning of this decision, left Castle Garden and threw themselves on the bounty of their countrymen in this city. One of them died of destitution to-day, in the Italian quarter of the city. The Italian vice consul here, promises to have the whole matter of the outrage thoroughly investigated.

DANISH RELIEF FUND.

The amount of the fund for the relief of the sufferers by the Danish inundation was \$1,140.

A NOBLE TOURIST.

Earl of Orkness, of Scotland, is making a tour of inspection of the municipal institutions in this city.

SUSPENSION.

CINCINNATI, Nov. 23.—The papers this morning announce the suspension of W. P. Cutler of Marietta, largely interested in iron manufacture and railroad building. It is claimed that there are ample assets to meet all liabilities.

THANSHOWING.—REWARD OFFERED.

St. Louis, Nov. 23.—Gov. Brown issued a proclamation appointing Thursday, 25th inst., as Thanksgiving day. Also a proclamation offering a reward of \$300 each for the arrest and conviction of the murderers of young Daubill murdered at Aullville a short time ago.

THE TUNNEL.

Some apprehension having been felt that building of the tunnel, which is now in process of construction from the bridge to the probable site of the grand union depot in the vicinity of the present Missouri Pacific R. R. depot, will damage buildings and will necessarily obstruct business, several large owners of property on the route have met to consider the matter. Resolutions were adopted recognizing the importance and necessity of the work, but that the interests of the business men and property owners along the line should be properly protected with the duty of requiring the tunnel company to use great care and precaution in the prosecution of their work, also to require of the city government a right of supervision of the construction of the tunnel, under such conditions as shall prevent the interruption of business, or injury to any persons or property. Capt. Eads, engineer of the bridge company, assured the meeting that the foundation walls along the line of the tunnel, would not be injured by excavation nor would buildings be harmed by any vibration occasioned by the running of teams. The tunnel will run up Washington avenue to Sixth street curve, thence to Eighth and Locust, and follow Eighth street to Clark avenue. It will be constructed by excavating forty-eight feet wide and from twenty to twenty-seven feet deep, but only the length of one block will be opened at a time, so that there will be the least possible obstruction to business. The work will be completed by the time the bridge is finished, which will be about the middle of next summer.

PRIZE FIGHT.—THE WEATHER.

LITTLE ROCK, Nov. 23.—Sam Collyer and Patey McGuire, two bruisers, fought a prize fight two miles above the city to-day. The fight lasted 20 minutes, during which time 7 rounds were fought. Collyer was declared winner because of a foul on the part of McGuire. Weather clear and pleasant.

CASUALTIES.

EXPLOSION.—TWO MEN KILLED.

SCRUB GRASS, Pa., Nov. 23.—Robert's Glycerine Magazine exploded this morning, killing Terry J. Wolfe, Telegraph operator, and R. A. Wright, Torpedo agent. Only fragments of their bodies were recovered.

HORSE PLAGUE.

MEMPHIS, Nov. 23.—The horse malady is on the increase, not more than half the usual number of horses being seen on the streets, and all livery stables have suspended business. The disease is also spreading throughout the country, causing a marked falling off in receipts of cotton, while buyers are afraid to buy fearing inability to move cotton to the depots or landings.

NO EPIDEMIC IN ST. LOUIS.

St. Louis, Nov. 23.—Reports that the epidemic prevails here are untrue, not a single case has occurred yet, so far as can be learned. That the disease has not appeared here, is perhaps mainly owing to the extraordinary precautionary measures taken by almost all our horse owners to prevent it. There is scarcely a stable in the city that has not been thoroughly fumigated, and in which the best approved disinfectants are not constantly kept. The street railroad companies, profiting by the experience of other cities, are also saving their horses as much as possible by lighting their labor and shortening time of service. No company in the city exports more than four round trips per day of their horses, and some only two trips. Transfer companies, livery and sale stable keepers, and all persons owning horses adopted a similar plan so that should the distemper come, their animals will be in a better condition to bear the effects of the disease.

WEATHER REPORT.

WASHINGTON, D. C., Nov. 23.—In the Northwest and on the upper lakes southerly to westerly winds, falling barometer and partly cloudy weather, extending to the Ohio valley. On the lower and in the Middle and Eastern states clearing weather with prevailing southerly winds. In the Gulf and South Atlantic states the pressure will diminish, with southerly to westerly winds and cloudy weather on the western gulf with possibly light rain, but elsewhere generally clear weather till afternoon.
